

DVD/Video Licensing – RENEWAL & NEW LICENSES

This is the fourth year Maritime Conference negotiated a video licensing agreement with Criterion Pictures and Audio Ciné Films Inc. We are able to offer a similar opportunity this year but the cost is again increased by .05 cents a person. Because the Conference does the paperwork for both companies, it is a better rate than an individual congregation could negotiate. You may want to visit their respective websites and check that out for your context.

<http://www.criterionpic.com/> and http://www.acf-film.com/splash_en.php

The combined cost for both companies to cover congregations in Maritime Conference will be **\$1.20 per person** based on average Sunday attendance as reported in the Year Book. The license will be in effect from **April 1, 2010 through March 31, 2011**. Maritime Conference will do all the administration and this helps to keep the costs low.

If you reported an average of 20 people attending worship, then the cost to you will be \$24.00 + HST per year and you will be licensed to rent any movie and show it legally without breaking copyright law. Criterion Pictures and Audio Ciné Films Inc. hold the licensing agreements for most movies that you have access to in video stores – Miramax, Disney, Sony, Alliance Atlantis, etc.

Please note that you do not need this license to view videos/DVD's borrowed from AVEL. AVEL resources are purchased with public performance rights.

There are many creative ways that you can use movies in your congregation – legally! If you are interested in registering your congregation for the license, then please complete the form. Upon receipt of your completed application form and cheque payable to Maritime Conference Fund for the licensing fee, you will be enrolled in the program. All applications are to be returned to the Conference office no later than **Friday, March 19th, 2010. There is only this opportunity to enroll for this year.**

It is our hope that the availability of this licensing arrangement will be one more tool that supports your ministries in creative and just ways. If you have any questions about this program, please contact Janice MacLean at jmaclean@marconf.ca or telephone 506 536 1334.
